# ANNA & LLOYD

April 9, 2011

EMERALD ISLE

Anna and Lloyd's outdoor wedding wasn't without its share of challenges. A storm the night before flipped the reception tent, a wedding guest became stuck in an elevator, and Saturday morning brought another monsoon.

But the couple took it all in stride. In fact, their eye-popping magentas and yellows brought a soothing element to the gray day. The bride's mother even made a last-minute run to a local beachwear outlet for bridesmaid's sweaters in matching colors.

By the end of the ceremony, the sun had returned, and the couple departed by sea, complete with a dolphin escort.
