

HOW TO MAKE A PRINTABLE EMERALD ISLE PUZZLE

SUPPLIES NEEDED TO MAKE A PRINTABLE EMERALD ISLE PUZZLE

- printer
- card stock or cardboard
- favorite Emerald Isle photo
- glue
- scissors

HOW TO MAKE A PRINTABLE EMERALD ISLE PUZZLE

1. Download and print out one of the Emerald Isle photos found on pages 2-4.
2. Take the printed photo and glue it to a piece of card stock or cardboard. This makes the puzzle more durable.
3. Cut away any visible card stock or cardboard.
4. With the scissors, cut the glued picture into 3-sided puzzle pieces of various sizes and angles - aim for 15-50 pieces. The fewer the pieces, the easier the puzzle.
5. To play, simply take the puzzle pieces and mix them up on the table or floor and have the kids put the pieces back together.

To make this even more special, use one of your own photos from Emerald Isle! Whether it be a memorable sunset or your favorite family photo, you can make anything into a fun puzzle for everyone.

TIP: You can also use old cereal boxes to make a new puzzle!
