

## THE FISH IN A CUP CARNIVAL GAME

### SUPPLIES NEEDED TO PLAY THE FISH IN A CUP CARNIVAL GAME

- 24-36 9 oz clear plastic cups
- 12+ toy squirt fish
- 12+ ping pong balls
- table to hold cups with water
- plastic pitcher to fill cups with water
- blue material or tablecloth or food coloring to tint water (optional)
- mini pails to hold ping pong balls to hand to players to play the game
- stand behind lines to keep things fair
- carnival prizes for the winners

### GAME SETUP

1. Set out at least 24 cups and fill with water. Make sure they are a few inches apart on the table - do not place them right next to each other or this game will be too easy!
2. Choose about 8 colorful squirt fish to add to just 8 of the clear cups. In order for fish to sink to the bottom, immerse them into the water and squeeze them to release the air bubbles that will fill the fish with water. Your squirt fish should sit on the bottom of each cup for your game.

### HOW TO PLAY

1. Players are given 3 table tennis balls to try their chance at getting a ball into a cup with a squirt fish in the bottom.
2. The only way to win this game is to have one or more of your table tennis balls land into a cup holding a fish!

### HOW PLAYERS WIN A PRIZE

1. No balls into cup with pretend fish = Consolation Prize
2. One or more balls into fish cup with a pretend fish = Top Prize
