HOW TO SET UP AN INDOOR BEACH THEMED MOVIE DAY

For our indoor beach themed movie day, pick up a few beach themed party supplies and decorations, snacks, and drinks to make this a day to remember. Don't forget the movie! Allow your kids to help you pick the movie for the day as well as the snacks and drinks they want to enjoy.

With the right decorations, it will seem like they are really at the beach! Place a ocean-themed tablecloth behind the TV, pair beach towels with beach chairs for the kids to sit in and tell them the carpet or floor is the "sand."

Next, set up an area for the snacks, treats and drinks where your kids can restock throughout the day and be sure to theme this area as well by placing various beach items and toys around that make the kids think of the beach.

Finally, start the movie and enjoy an indoor beach themed movie day with your kids!
