

HOW TO MAKE A PRINTABLE MEMORY GAME

SUPPLIES NEEDED TO MAKE A PRINTABLE MEMORY GAME

- printable game on page 2
- printer
- white paper
- bright colored paper
- paper cutter or scissors
- tape or other adhesive

HOW TO MAKE A PRINTABLE MEMORY GAME

1. Download and print out the game cards that can be found on page 2.
2. Cut out each of the memory cards right along the colored border. They measure 2 x 2. Then cut colored card stock out in 2.5 x 2.5 squares.
3. Put tape or adhesive on the back of each of the white cards and adhere them onto one of the colored squares.
4. Now the game cards are ready to be played!! Lay each card face down and let the kids take turns turning over 2 at a time trying to find a match.

This game is a fun way for them to get excited about an upcoming trip, learn their animals or even just practice using their memory! To mix it up, create new cards with new animals and let the fun continue.
