

## HOW TO MAKE OCEAN SLIME

### SUPPLIES NEEDED TO MAKE OCEAN SLIME

- 1/2 cup liquid clear craft glue
- 1 1/4 cups hot water, divided
- 1/2 tsp borax
- blue liquid food coloring
- blue glitter
- toy ocean animals
- small bowl
- airtight container

### INSTRUCTIONS FOR MAKING SAND SLIME

1. In a large mixing bowl, combine a 1/2 cup of your clear glue with 1/2 cup of hot water and mix well.
2. Mix in 1 drop of your blue food coloring and about 2 tablespoons of blue glitter and mix until evenly combined.
3. Add 1/2 teaspoon of borax into your remaining 3/4 cup of hot water and stir, letting the borax dissolve
4. Now pour the borax water into your blue glue mixture and stir (ingredients should start coming together to form slime).
5. Remove the slime with your hands and knead the slime in your hands for a couple minutes until the ingredients fully come together.
