

HOW TO MAKE A PAPER PLATE JELLYFISH

SUPPLIES NEEDED TO MAKE PAPER PLATE JELLYFISH

- paper plates
- tissue paper or paint
- scissors
- glue
- hole punch
- yarn (various colors)
- googly eyes
- black marker

INSTRUCTIONS FOR THESE PAPER PLATE JELLYFISH

1. Start by cutting up the tissue paper into small squares. Young kids who aren't comfortable yet with scissors, can just tear up the tissue paper, instead. If you're using paints, simply pull out the colors they wish to use.
2. Draw a wavy line at the bottom of the paper plate and cut along that line.
3. Glue the tissue paper squares onto the paper plate. If using paints, paint each cut plate and set aside to dry.
4. Use a hole punch to make several holes along the wavy bottom line of the paper plate.
5. Cut yarn strands of the same length. Thread the yarn through the holes at the bottom of the paper plate and tie them up.
6. Glue the googly eyes onto the paper plate and use a black marker to draw a mouth. For more fun you can use big googly eyes, or glow in the dark googly eyes and even colorful googly eyes.
