- clear matte varnish (no required)
- river rocks – 12 small and flat
- painters tape
- paint brush
- palette
- paper towels,
- scrap of cardboard
- ruler
- pencil

### INSTRUCTIONS FOR MAKING A TRAVEL TIC TAC TOE GAME

1. Measure and lightly sketch grid on to burlap bag. Apply painters tape to create two vertical lines 1/4" wide each. Apply the paint color of your choice, remove the tape, and let dry. Repeat with horizontal lines, let dry.
2. Paint X's on six rocks with the paint color of your choice, let dry and apply a second coat, if necessary. Paint O's on six rocks with a second color of your choice let dry and apply a second coat, if necessary.
3. Once the paint is dry, apply two coats of the clear matte varnish, letting rocks dry between coats.

The brights pops of vibrant colors against the natural burlap and rocks look great! If the kids use collected rocks from their travels to make this game, it becomes an extra special keepsake.
